

THIS SUNDAY IN BASS COAST

1. Film: 'An Inconvenient Truth'

Humanity is sitting on a ticking time bomb. If the vast majority of the world's scientists are right, we have just ten years to avert a major catastrophe that could send our entire planet into a tail-spin of epic destruction involving extreme weather, floods, droughts, epidemics and killer heat waves beyond anything we have ever experienced.

If that sounds like a recipe for serious gloom and doom – think again. From director Davis Guggenheim comes the Sundance Film Festival hit, **AN INCONVENIENT TRUTH**, which offers a passionate and inspirational look at one man's fervent crusade to halt global warming's deadly progress in its tracks by exposing the myths and misconceptions that surround it. That man is
