

# Who is Killing Australia's Electric Cars?

Is it the oil industry, the automobile industry, the government or maybe even the consumer?

With global warming, pollution and peak oil to deal with find out what Australia is doing to help solve the problem. Also on display will be the Aryana electric car and the Vectrix electric motorbike.

**Sat 17th | 6:30pm - 7:30pm**

**The Edge, Federation Square Melbourne**

hosted by | Australian Electric Vehicle Association
